Classics

Black Tea

Biku Breakfast

A robust blend of Indonesian BOP grade teas blended with a long leaf Assam variety selected for strength and distinctive character. For those who love English and Irish Breakfast teas, but appreciate sophistication.

Earl Grey

A high-grade OP leaf infused with the scent of bergamot. Bright with dominant citrus notes, this is the quintessential scented tea for any time of the day.

Darjeeling Seasonal

The foothills of the Himalaya mountains are home to one of the tea world's favourite black teas. We have selected the seasons pickings that embody the essence of Darjeeling: Light, floral, muscatel, the art of refinement in tea drinking.

Assam Seasonal

The world's most fertile tea region is Assam in India's northeast. The unique tea cultivar and steamy growing conditions produce a tea that is full-bodied, bold, and malty, with a deep red cup that takes milk and sugar nicely.

Ceylon OP

Grown in the high-altitude Nuwara Eliya region, we vary our pick of the leaf seasonally. These teas derive a lively, fresh character with a bright red-orange colour in the cup. A versatile and stimulating tea that can take a dash of milk.

Lapsang Souchong

Originating from China's Wuyi Mountains, this distinctive smoky black tea is cured over pine needles. A favourite of intellectuals and artists who seek inspiration and creative stimulation.

'Tea's proper use is to amuse the idle, and relax the studious, and dilute the full meals of those who cannot use exercise, and will not use abstinence'

Green Tea

Jasmine Green

From China's Hunan province, the sweet scent of jasmine combines with a medium-bodied green tea to create a tea that is cooling and calming to the senses.

Sencha

A Japanese green tea that is steamed rather than fired, imparting a moist, grassy green characteristic. Highly refreshing any time of the day.

Oolong Tea

Ti Kuan Yin

One of China's most revered Oolong teas. Being semi-fermented, oolong tea lies between green and black tea in its flavour and strength. The tightly rolled whole leaves produce a delightfully fragrant tea with a floral aroma and slightly nutty finish. Served in the traditional 'gong-fu' method.

White Tea

Pai Mu Tan

From the Fujian province in China comes this white tea, considered one of the purest teas available. Two leaves and one white bud have been plucked and dried to produce a tea that is light and clean with the aroma of green melons and flowers. Said to be high in powerful EGCG antioxidants.

'Meanwhile, let us have a sip of tea.

The afternoon glow is brightening
the bamboos, the fountains are
bubbling with delight, the
soughing of the pines is heard in
our kettle. Let us dream of
evanescence, and linger in the
beautiful foolishness of things.'

Jing

Organic Bohea Lapsang

The difference between Bohea and commercial lapsang is enormous, perhaps similar to the distinction between mass-produced whiskies and slowly made, properly aged, artisan malt. Drying the leaves slowly smokiness, making it an incredibly easy-to-slip-down and sophisticated after dinner time

Black

Lal family Darjeling Blend

An Old favorite, this special blend of Darjeling Teas from the Lopchu Estate was passed on to us from our old friends, the Lals. Refreshing, hearty, with a hint of smoke and wood on the finish.

A delicate but distinctive tea recommended for lovers of sencha

Oolong

Dahong Pao 'Big Red Robe' Wuyi Cliff Tea, Wuyi Mountains, Fujian, China

A tea that is steeped in legend, the ancestral bushes appeared on the side of a granite cliff over 800 years ago, and they still produce tea to this day. This is a dark-style oolong that has been finished over smouldering charcoal to enhance its complexity and depth. The flavour is multi-faceted, and evokes feelings of warmth, mountain wood, cassia bark, and dried fruits with a hint of smoke on the finish. Prepared for you in the traditional 'gong-fu' method, this tea can be infused over 5 times.

Fenghuang Danchong 'Phoenix Mountain' Oolong

From the Phoenix Mountains in China's coastal Guangdong province. A dark-style oolong produced from tall single-trunked tea plants, this special tea has a distinctive aroma of peaches, passionfruit and flowers with a hint of wood on the finish. A unique tea with depth of character for lovers of oolong.

Pu Erh

Aged 'Cooked' Ripe Brick Tea 2002

We obtained this brick of aged tea back in 2004 and have kept it under controlled aging conditions for a special occasion. Pu-erh is a unique class of tea from China's Yunnan province that undergoes a special fermentation and aging process where the teas develop characteristics like aged wine. A rich, earthy flavour and dark colour results, and pu-erh is said to be a health tonic and blood cleanser, helping to lower cholesterol. A special tea to savour, we serve it in the traditional 'gong-fu' method. The aged leaves *can be infused over 8 times*.

Biku Tea Special

Tea Offering From the Archipelago

At Biku we are very excited to offer a new collection of high grade teas from our favourite place - Indonesia. Tea was grown and produced in Indonesia well before India and Sri Lanka, however the industry has been lying dormant in terms of producing artisan-grade teas. Here is our offering to help the cause for excellent tea in the Archipelago.

Chiwidy White Tea

rp.35,000-

Looking at this tea and smelling the aroma, you would be forgiven for thinking it was a high grade silver Needle tea from China. Made exclusively from select tea buds, this white tea has a delicate aroma reminiscent of white lily with the soft finish hinting at almonds and moss. High in the potent antioxidant EGCG, great for the complexion, and low in caffeine.

Sunda Red (Back Tea)

rp.35,000-

Grown on the same West Java estate as the White tea, at 2000m above sea level and surrounded by protected forest, the procedures have been inspired to make a tea with Darjeeling characteristics. What came out in this single-batch tea was even more exciting. A bright cup, brimming with high floral notes balanced by the distinct aroma of black currant with well-balanced tannins. Highly recommended mid morning or with afternoon tea. Also have a look at our standard range of Indonesia teas including black, oolong, and green.
